

**CITED . . .** Henry M. Miska, who resides at 3837 W. 173rd St., has been cited by AIREsearch for 15 years of service to the firm. A Garrett diamond pin was presented to Miska by Gen. K. B. Wolfe, executive vice president of the corporation.

**HONORED . . .** Emmitt G. Christiansen, 1923 Donora Ave., received a diamond pin in ceremonies recently commemorating 15 years of service with the AIREsearch Manufacturing Division of the Garrett Corp. The presentation was made by Gen. K. B. Wolfe, executive vice president.

## WHAT'S DOING

R. S. Pyle, your Telephone Manager in Torrance

### A WORD FOR FATHER

While we have absolutely no argument with mother, we feel it's high time somebody spoke up in behalf of "dear old dad."

Over the years, mother's had all the breaks as far as public relations is concerned.

Today, when we think of "mom," we see her arising early in the morning, getting the kids ready for school, tirelessly washing and cleaning house all day, preparing dinner, and finally climbing wearily into bed, looking forward to another heart-rending day.

What's dad doing all this time?

Not much. We see him getting home from what is called work, putting his slippers on, sitting in an easy chair and asking: what's for dinner?

His only really productive endeavor, in the popular view, is putting around the house or garage in a rather effortless performance which has become known as "do-it-yourself."

In fact it is only in recent years we thought enough of dad to set aside the third Sunday of June—which is next Sunday—in his honor.

Now we at Pacific Telephone are not going to be so crassly commercial as to suggest that you get him a telephone or even call him up to wish him "Happy Father's Day."

We just wanted to inject the sudden thought that without the lovable old putterer, there'd be no "mom."

Ever wonder how a criminal can be picked up quickly—hundreds of miles from the scene of his crime? The police Teletype network helps make it possible. Set up and maintained by telephone people, the network links hundreds of law enforcement agencies in this and adjoining states.

When a crime is committed, police quickly send a description of the criminal over the network. This way, law enforcement officers are alerted to be on the lookout for the suspect.

Teletype service for police, as well as newspapers, business and the military, is just one of the many kinds of communications telephone people provide for this fast-moving world.

Moments count when a doctor is treating a child who has swallowed something he shouldn't have. And usually that something is of unusual composition. Today the physician can pick up a telephone, call the nearest poison control center and get immediate information on the treatment.

The centers are manned 24 hours a day by qualified technicians who answer emergency calls from doctors. They have extensive files on drugs, household products

and other substances.

In the last few years hundreds of centers have been organized throughout the country. They are ready to help your doctor and hospital. It's the telephone that has made possible the poison control centers, one of the fastest growing new developments in the public health.

## Campership Fund Needed For Brownies

The Brownie Scouts from East and Central Torrance troops will hold their annual camp from June 19 to 23 at the Torrance Park. Camp will be under the supervision of Mmes. Ralph Waring, director; Bill Bradshaw, co-director; Clifford Bergen, business manager; Donald Lee, nurse, and Donald Tice, Pixie Camp.

A sponsor for "campership fund" is needed to help sponsor girls that cannot otherwise attend. Anyone interested may contact Mrs. Ralph Waring at DA 6-0773.

**CAMP PROMISES** to be exciting fare again this year with basic skills stressed. Twenty-four P.A.'s (Senior Scouts) will be there to help the 30 unit leaders teach the 140 Brownie songs, dances, craft work, camp crafts, and help out with the Pixie unit.

These girls were trained by Mrs. L. H. Voien and Richard Sullivan, for the past six weeks, and are well versed in all fields. The P.A.'s did an outstanding job last year at the camp in helping the Unit Leaders with the Brownies.

**THE FIRST** day of camp the Brownies plan their meals for the week, crafts, and make a week's schedule of the 9:30 to 2:30 fun. "Caper charts" are made by the unit leaders, so that each girl will be aware of her responsibilities for the week.

Twelve units of girls will be at camp this year. Approximately 12 girls to a unit with two unit leaders to supervise.
